Dear Dan Barghshoon,

RE: Onshore Pipeline Regulations Review – Discussion Paper

Thank you for the opportunity to provide comments on the Discussion Paper regarding the review of the Canada Energy Regulator’s (CER’s) Onshore Pipeline Regulations.

The Land and Water Boards of the Mackenzie Valley, or the Boards (Gwich’in, Mackenzie Valley, Sahtu, and Wek’èezhii Land and Water Boards) do not have comments at this time; however, please continue to keep the Boards apprised of the changes that may result from the review (e.g., regulatory documents and guidance such as the CER’s Filing Manual).

Further, should the CER have any questions about the Boards’ experiences and initiatives related to some of the subject matter of the review (e.g., engagement with Indigenous peoples), the Boards would be pleased to discuss them.

This ongoing dialogue will help ensure that the Boards and CER continue to meet the spirit and intent of our [MOU](#). Please continue to contact [redacted] at [redacted]

Sincerely,

[redacted]
